

## Naming Gift Guidelines

The following guidelines are intended to assist the Board of Trustees in making decisions regarding the naming of District facilities, as a supplement to Board Policy 6620 and Administrative Procedure 6620. Naming gifts provide the District with a unique opportunity to earn financial support for MPC students, while honoring generous community members. While the Board considers and approves naming requests on an individual basis, the guidelines provide valuable information to the MPC Foundation and its donors regarding the types of opportunities that are available. Interested community members are encouraged to contact the MPC Foundation Executive Director to discuss their philanthropic goals and interests.
