Student Gratitude: A Message From Riley

"Receiving this scholarship means so much to me because it is an act of support. Yes, the

money itself will have an impact on my well-being. The scholarship funds will help ease the burden of my living expenses while enrolled in school. And beyond the financial support, it is a decision on your part to invest in my journey. You, MPC Foundation Donors, read my story and read about the ways I believe I can most be of benefit to the world. You believed in me and the work that I want to do enough to offer your resources. The knowledge of your faith in me is a gift that will continue to contribute to my journey for years

to come."
